One quick correction to your run-of-show notes: the 3rd bullet under Jeaneanne's remarks still says "Seminole Tribe" instead of Miccosukee.

Please see the email below from Kevin Donaldson regarding issues that the Miccosukee Tribe wishes to discuss tomorrow. I've also attached an updated "run of show" which includes these issues. Please note, Rosemary is having problems with her laptop, which is why this is coming from me. Tomorrow's daily assumption call is at 9:00am, and I will add Katie, Eve, and Suzanne to that meeting invitation so that they can be included in a pre-discussion about the Tribe's issues to the extent that they're available. Rosemary,

Our group will be interested in a myriad of issues. We can hear some of their concerns, tomorrow. I'll be mostly listening for the proposed changes to the regulatory process as to the protection of cultural and natural resources. Tribal Lands extend far beyond the boundaries of the Miccosukee Reserved Area, and other Trust Properties. One question that has been mentioned repeatedly on the subject is in regards to the NEPA and Section 106 processes. What "triggers" will be lost due to the proposed assumption?

Otherwise, we can further discuss during the meeting.

Thank you,
Kevin
